NIGHT RIDERS ARE BOLD IN INDIANA

Troops Are Called Out to Quell Them.

SENT TO TOBACCO COUNTIES

By Governor Harris—A Retention of Operations in Kentucky.

Columbus, O., May 9.—Upon the receipt of a telegram from Sheriff J.W. Paul and Prosecuting Attorney W. P. Stephenson, of Adams County, Governor Harris, through Adjutant General Critchfield, ordered Company G, Seventh Regiment, located at Manchester, to proceed to West Union at once and report to the officers mentioned. The telegram related that conditions have arrived at the stage where it is impossible to cope with the night riders, and assistance from the State is necessary.

It is further related that for several nights past tobacco beds have been destroyed, as well as other property of citizens who are attempting to raise the "weed," and the owners have been terrorized by threats. General Critchfield got Captain Leroy Darnell on the long distance phone and told him to act in accordance with the instructions of the Sheriff and Prosecuting Attorney.

He also told these officials that Assistant Adjutant General Kutzmann, who is with Troop A, First Cavalry, doing service along the river, would be in West Union soon and to consult with him. It is believed that additional militia will have to be thrown into that section of the State, probably Clermont County, because of the numerous complaints being received, and that the end of the trouble will not be reached until some arrests have been made and examples set, while others believe that fatalities will be the cost of the violation of the laws.

In Memory

Of Willie Loyd, who departed this life April 1, 1908, at Hatfield, Ind. The deceased was born June 4, 1885, and was the eldest son of John P. and Jennie Loyd, of Barrett's Ferry, Ky. He was united in marriage to Miss Airo Hall, of Eureka, Ind., November 25, 1905. To this union was born May 3, 1907, a son, Robert Glenn, named in

honor of his uncle who is railroad rate clerk at Frankfort, Ky. The family moved to Indiana to engage in farming and there contracted measles. On March 13th the spirit of little Robert Glenn took its flight to God who gave it, and on April 1st that of his father followed. Truly, "God works in a mysterious way His wonders to perform." We cannot know the future. He was brave and honest in his conceptions of right an honor to his parents as well as the object of their deepest respect and love. That, coupled with his genial, loving companion and sweet little babe, the future seemed bright and happy. But alas! Thy will be done.

His remains were buried at New Baymum cemetery by Olanton Camp, Woodmen of the World, of which he was an honored member. They cannot come back to earth, but the bereaved wife can go to them, where they will be re-united around God's throne to dwell together forever. L. B.

"I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally I tried Foley's Kidney Cure and less than two bottles completely cured me and I am now sound and well." During the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. J. H. Williams.

RELIC OF WAR TIMES.

Review of Copy of Newspaper Printed on Wall Paper During Dark Days.

Rockport, Ky., May 10.—An interesting and historic relic of the great Civil War is in the possession of Wm. White, the ferryman at this place. It is the wall paper edition of the famous Vicksburg paper that was captured by the Yankees following the capture of the city of Vicksburg by General U. S. Grant during the great civil strife. Mr. White came into possession of the paper about eighteen years ago through the death of a brother who bequeathed it to him. The brother secured the sheet while a soldier and it remained with him until his death, a sad remembrance of slain comrades and heroes who so gallantly sacrificed their lives fighting for their country.

Before the paper went to press the city was captured by Gen. Grant and the Yankees took full charge of the office. The paper in printing a war time wedding has this to say:

"Mid the din and clash of arms, the screech of shells and the whistle of bullets which are a continued feature in the status of our beleaguered city, incidents of happiness often arise to vary in a cheery way the phases of so stern a scene. On the evening of the 20th ult., with gaiety, mirth and good feeling at a prominent hospital of this city, through the ministerial offices of a chaplain of a gallant regiment, Charles Royal, prince Imperial of Ethiopia, of the Barberge family, espoused the lovely and accomplished Rosa Glass, Arch Duchess of Senegambia, one of the most celebrated princesses of the Laundressina Regime. The affair was conducted with great magnificence though as usual in troublesome times sabbler element was predominant."

In roasting the editor of a rival sheet the editor of the paper says:

"The paper is at present edited by a plink-nosed, slab-sided, toad-eating Yankee, who is a lineal decedent of Judias Iscariot, and a brother germain of the greatest puritanical, sycopantic howling scoundrel unhung, Parson Brownlow. Yet with such a character this paper cannot cloak the fact that General Robert E. Lee has given Hockley, Milroy and company, one of the soundest thrashings on record and that the 'Glorious Union is now exceedingly weak on its knees.'"

At the bottom of the page is the following, which was evidently written after the capture of the office:

"Two days brings about great changes. The banner of the Union floats over Vicksburg. General Grant has caught the rabbit. He dined in Vicksburg, and he did not bring his dinner with him. The Citizen lived to see it, for the last time it appears on wall paper. "No more will it eulogize the luxury of mule meat and fricasseed kiten, or urge Southern warriors to such a diet never more."

This is the last wallpaper Citizen and is, excepting this note, from the type we found them.

It will be valuable hereafter as a curiosity. Mr. White has been offered large sums for his relic but refused all offers. L. R. T.

CONGRESSMAN MEEKISON COMMENDS PE-RU-NA.

OTHER REMARKABLE CURES.

Mr. Jacob L. Davis, Galena, Stone county, Mo., writes: "I have been in bad health for thirty-seven years, and after taking twelve bottles of your Peru-na I am cured." Mr. A. E. Kidd, well-known architect, 5477 Jefferson Ave., Chicago, Ill., writes: "I have had catarrh over half of my life. I tried nearly every catarrh remedy advertised, beside a great many physicians' treatments, all of which failed. I had heard and read of Peru-na and decided to try it. I have taken seven bottles of it and weigh 172 pounds."

A SINCERE RECOMMENDATION.

Mr. D. C. Prosser, R. F. D. No. 2, Shelby, Oceana Co., Mich., writes: "Two years ago I was badly afflicted with catarrh of the stomach. I had had a run of typhoid fever, was very depleted. I could find nothing I could eat without causing distress and sour stomach. Finally I came to the conclusion that I had catarrh of the stomach and seeing Peru-na advertised, began to take it. It helped me soon, and after taking three or four bottles I was entirely cured of stomach trouble, and can now eat anything."
